Dear Sir or Madam,

It gives us a great deal of pleasure to recommend The Alaska String Band: The Zahasky Family to you for consideration for a showcase and for inclusion in your roster of Juried Performing Artists.

This group is a perennial favorite in Juneau and around Alaska for their lively, high-quality string music.

In our experience as presenters, we have found them to be especially pleasant and easy to work with. They are

- well organized,
- flexible,
- reliable, and
- very talented.

Overall, they are entirely delightful artists to present.

We are always amazed by their versatility. They have a wide repertoire that adapts well to a variety of settings and audiences. In particular, we enjoy their family orientation and their dedication to education. Their concerts are relaxed, up-beat, and charming.

Audiences love them.

We hope that you will include them in your coming conference.

Sincerely,

A handwritten signature in cursive script that reads "Nancy DeCherney". The signature is written in black ink and has a long, sweeping flourish that extends to the right.
